

The National Institute on Aging (NIA) Imbedded Pragmatic AD/ADRD Clinical Trials (IMPACT) Collaboratory works to build the nation's capacity to conduct pragmatic clinical trials of interventions embedded within health care systems for people living with dementia and their care partners. The IMPACT Collaboratory will host free webinars on the 3<sup>rd</sup> Thursday of each month at 12 noon ET addressing these issues. If you are not yet on our mailing list, [join here](#) to receive IMPACT updates and reminders. Registration is not required, and we will have a recording of the webinar as well as a companion podcast available after the event on our website, [impactcollaboratory.org](http://impactcollaboratory.org)

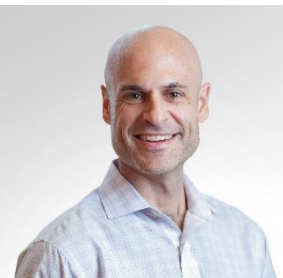

## *“Improving Serious Illness Care Through Large Pragmatic Trials”*

**Scott Halpern, MD, PhD**

John M. Eisenberg Professor in Medicine, Professor in Medical Ethics and Health Policy  
University of Pennsylvania

**Thursday, December 17, 2020**

**12:00 – 1:00 pm EST**

**Scott Halpern, MD, PhD** is the John M. Eisenberg professor of medicine, epidemiology, and medical ethics and health policy at the University of Pennsylvania. He is Director of the Palliative and Advanced Illness Research (PAIR) Center and the NIA-funded Penn Roybal Center on Palliative Care in Dementia. Dr. Halpern's research focuses on developing and testing interventions to improve the efficiency, effectiveness, and equity of health care delivery for patients and caregivers affected by serious illnesses. He is an elected member of ASCI and AAP, and has received numerous awards for research and mentoring, including the 2017 American Federation for Medical Research's Outstanding Investigator Award for the best scientist in any field under the age of 45, the Association of Clinical and Translational Science's Distinguished Investigator Award for lifetime achievement in translation of clinical practice into public benefit and policy, and the Arthur K. Asbury Outstanding Faculty Mentor Award.
