

NIA IMPACT
COLLABORATORY
TRANSFORMING DEMENTIA CARE

Grand Rounds

The National Institute on Aging (NIA) Imbedded Pragmatic Alzheimer's Disease (AD) and AD-related dementias (ADRD) Clinical Trials (IMPACT) Collaboratory works to build the nation's capacity to conduct pragmatic clinical trials (ePCTs) of interventions embedded within health care systems for people living with dementia and their care partners. The IMPACT Collaboratory hosts free webinars on the 3rd Thursday of each month at 12 noon ET addressing these issues. If you are not yet on our mailing list, [join here](#) to receive IMPACT updates and reminders. Registration is not required, and a recording of the webinar as well as a companion podcast will be available after the event on our website, impactcollaboratory.org.

“More than a Meal: Results from a Pilot Pragmatic Clinical Trial Evaluating Two Models of Home-Delivered Meals for Older Adults Living with Dementia”

Kali S. Thomas, PhD

Associate Professor of Health Services, Policy and Practice

Thursday, April 20, 2023

12:00 – 1:00 pm ET

Dr. Kali S. Thomas is an associate professor of Health Services, Policy and Practice, and a Research Health Science Specialist at the Providence VA Medical Center's Center of Innovation for Long-term Services and Supports. Dr. Thomas' research focuses on identifying ways to improve the quality of life of older adults needing long-term services and supports (LTSS) through applied health services research. With funding from the U.S. Department of Veterans Affairs, the Agency for Healthcare Research and Quality, the National Institute on Aging, the Patient-Centered Outcomes Research Institute, and multiple foundations, she has led research projects and published more than 150 peer reviewed papers examining the organization, delivery, and financing of LTSS to meet older adults' medical and non-medical needs. Her research spans the LTSS continuum, ranging from in-home services to long-term care provided in institutional settings.
