

NIA IMPACT
COLLABORATORY
TRANSFORMING DEMENTIA CARE

IMPACT Grand Rounds

The National Institute on Aging (NIA) Imbedded Pragmatic Alzheimer's Disease (AD) and AD-related dementias (ADRD) Clinical Trials (IMPACT) Collaboratory works to build the nation's capacity to conduct pragmatic clinical trials (ePCTs) of interventions embedded within health care systems for people living with dementia and their care partners. The IMPACT Collaboratory hosts free webinars on the 3rd Thursday of each month at 12 noon ET addressing these issues. If you are not yet on our mailing list, [join here](#) to receive IMPACT updates and reminders. Registration is not required, and a recording of the webinar as well as a companion podcast will be available after the event on our website, impactcollaboratory.org.

“WHELD programme”

Clive Ballard, MD, PhD

*Professor of Age-Related Diseases, Pro-Vice Chancellor,
University of Exeter Faculty of Health and Life Science*

Thursday, April 18, 2024

12:00 – 1:00 pm ET

Clive Ballard, MD, PhD, is professor of Age-Related Diseases at the University of Exeter in the UK, where he was also Dean of Medicine and Pro-Vice Chancellor between 2016 and 2023. He was previously professor of Age-related diseases and Director of the Dementia research Unit at the Institute of Psychiatry, Kings College London. He has published more than 800 research papers, with more than 100,000 citations and has led more than 40 clinical trials. His major contributions include clinical trials demonstrating the

harms of antipsychotic medications in people with dementia, innovating the treatment of psychosis and other neuropsychiatric symptoms in people with dementia and Parkinson's disease, the treatment and care of people with dementia living in nursing homes, Delphi consensus and clinical trials of re-purposed treatments for people with Alzheimer's disease and developing the PROTECT digital cohort and clinical trial platform which has recruited more than 100,000 people for clinical brain health research.
