

The National Institute on Aging (NIA) Imbedded Pragmatic Alzheimer's Disease (AD) and AD-related dementias (ADRD) Clinical Trials (IMPACT) Collaboratory works to build the nation's capacity to conduct pragmatic clinical trials (ePCTs) of interventions embedded within health care systems for people living with dementia and their care partners. The IMPACT Collaboratory hosts free webinars on the 3rd Thursday of each month at 12 noon ET addressing these issues. If you are not yet on our mailing list, [join here](#) to receive IMPACT updates and reminders. Registration is not required, and a recording of the webinar will be available after the event on our website, impactcollaboratory.org.

Using pragmatic trials to address deprescribing in older patients with diabetes

Richard W. Grant MD MPH

*Research Scientist III, Kaiser Permanente Division of Research
Professor, Kaiser Permanente Bernard J. Tyson School of Medicine
Adjunct Professor, UCSF Department of Epidemiology & Biostatistics
Director, Kaiser Permanente Delivery Science Fellowship Program*

Thursday, November 20, 2025

12:00 – 1:00 pm ET

Richard W. Grant, MD, MPH, is a research scientist at the Kaiser Permanente Division of Research, Kaiser Permanente Northern California and [The Permanente Medical Group](#) regional director of Research and Evaluation for Complex Needs. Dr. Grant is a board-certified primary care physician. He received his medical degree from University of California, San Francisco, completed his medical residency training at Massachusetts General Hospital, and received his MPH from the Harvard School of Public Health. His research focuses on identifying and overcoming barriers to effective primary care in patients with complex diseases. He has a special interest in type 2 diabetes and related chronic conditions. Dr. Grant has published over 120 peer-reviewed scientific papers and is an Associate Editor for JAMA Internal Medicine. He is the past chair of the American Diabetes Association's Profession Practice Committee and has served on the editorial board for Diabetes Care.
